Alaa Mohamed Abd-elhamed Hella

Junior DevOps Engineer

alaaabdelhamedholla@gmail.com • 01208843477 • Cairo,Egypt

Profile

Aspiring DevOps Engineer with foundational, hands-on knowledge of Linux, Git, Docker, and Python, currently pursuing a degree in Information Technology. Building practical skills in AWS, networking fundamentals, and infrastructure automation tools including Terraform and GitHub Actions, with Kubernetes currently in progress. Eager to contribute to real production systems, automate repetitive tasks, and learn modern DevOps workflows through hands-on mentorship.
